(5)

Clan Wars
based on location in the city

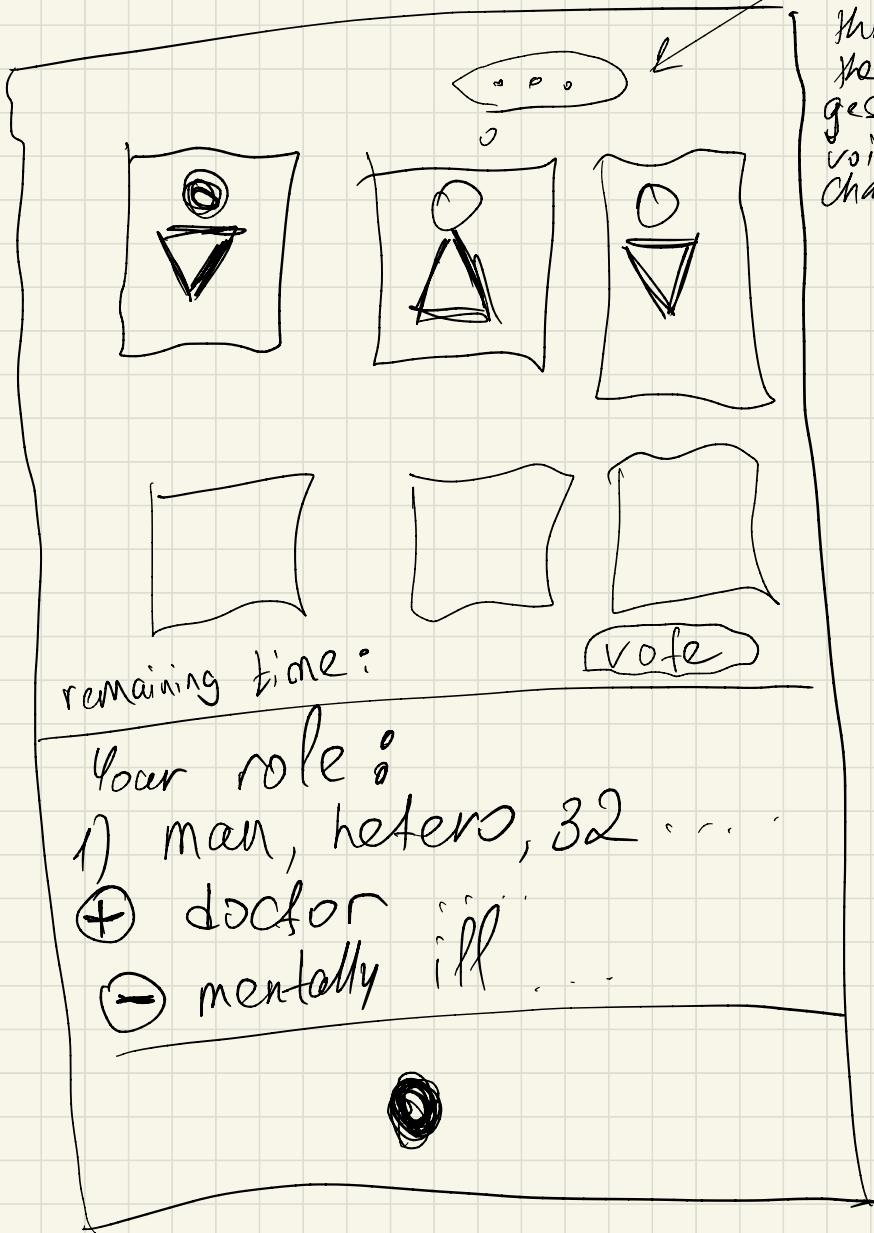

Purpose: create your clan (mark it on the map of city) or join the existing one. Meet each other, challenge other clans, rank your clan and be the best in the city

(6)

Bunker

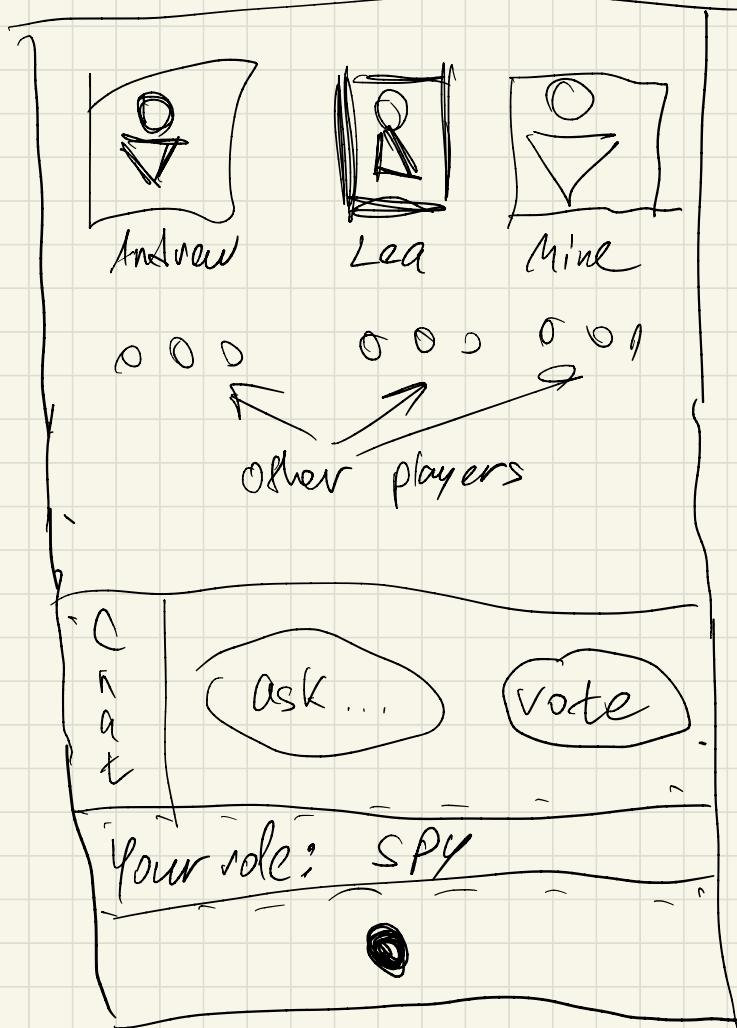

Play with people
in your surroundings/ friends

Purpose: Apocalypse. You're in a bunker.
Survive and try to get a vacant place
in the bunker.

(7)

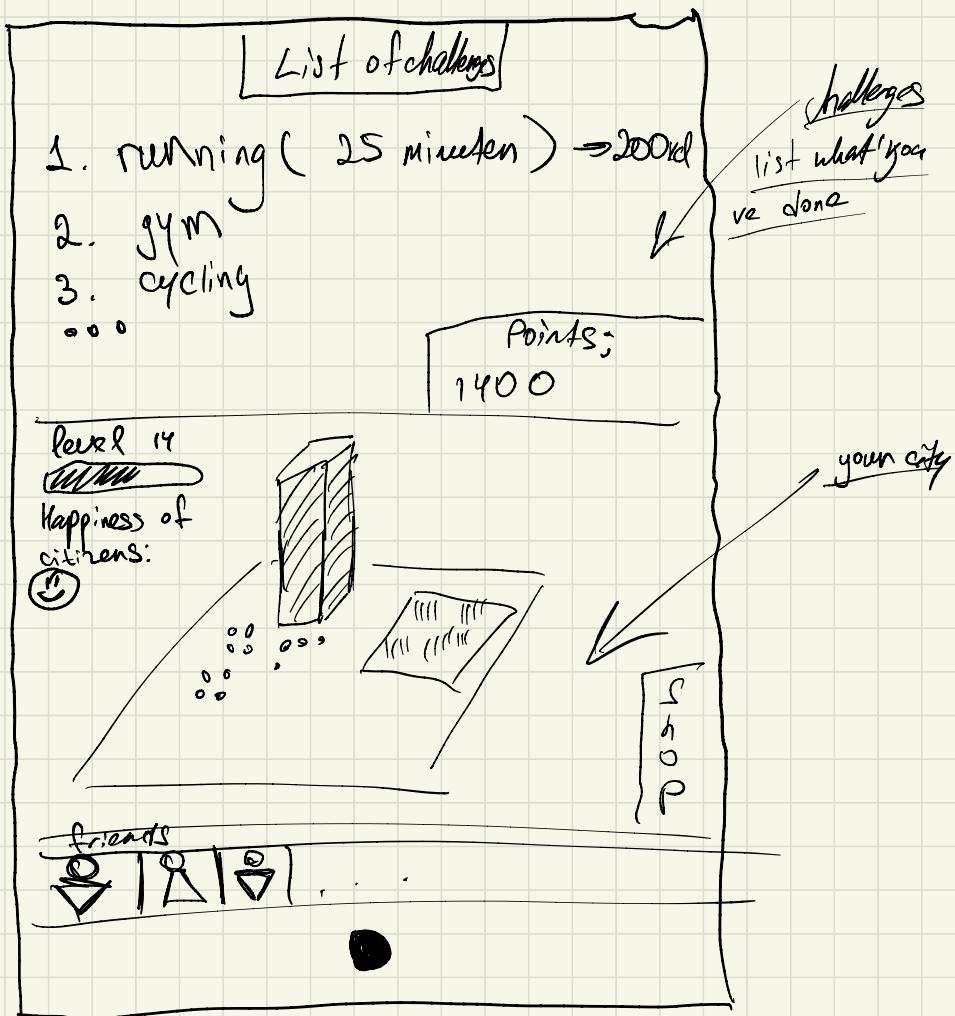

SPY

Purpose: find the SPY.

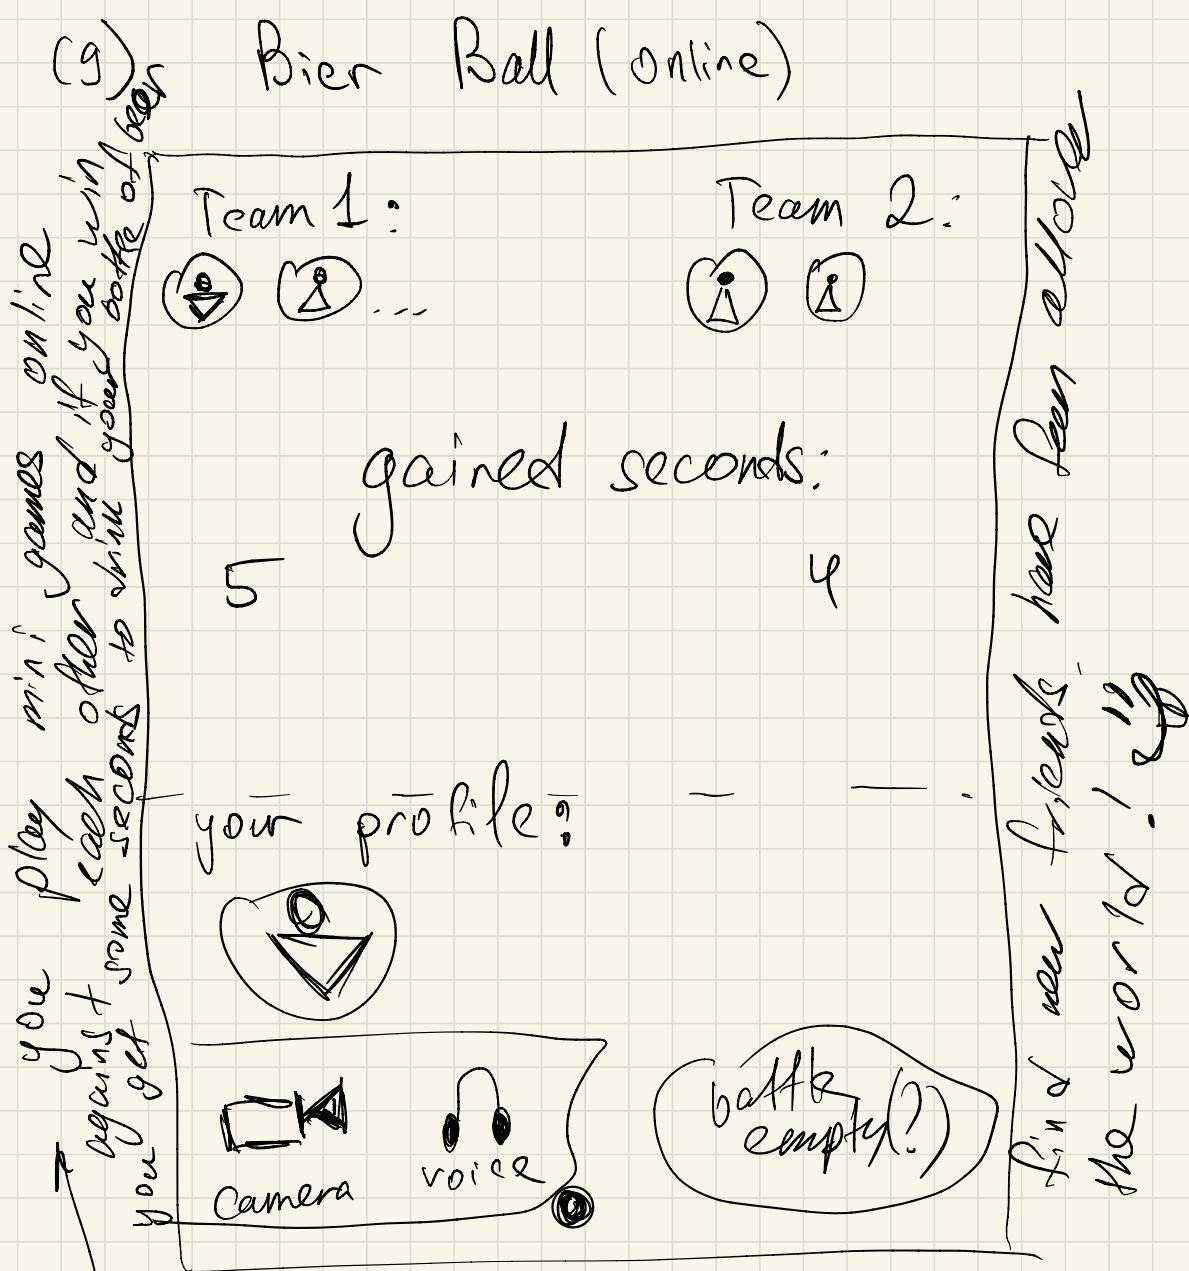

Everyone knows the secret word. They need to find who is imposter.
Ask questions with answers yes/no

(8) Apple Watch challenge app ④ farm/city building

Purpose: earn points / money (local currency) in order to build your garden/farm/city. Do exercises, run, burn calories, eat healthy and get rewards for that. Play and get motivated together and build your "empire". You can't "spend" your money, only your actions are a main currency.

(g) Bier Ball (online)

Purpose: especially during lockdown it was a problem to find friends, play some games and just party with each other. But what if our favorite party games are gonna be online (?). So the purpose of the game is to drink beer as fast as possible when the bottle is in the middle of the game.

Your profile:

projects:

chat:

find study room:

challenges:

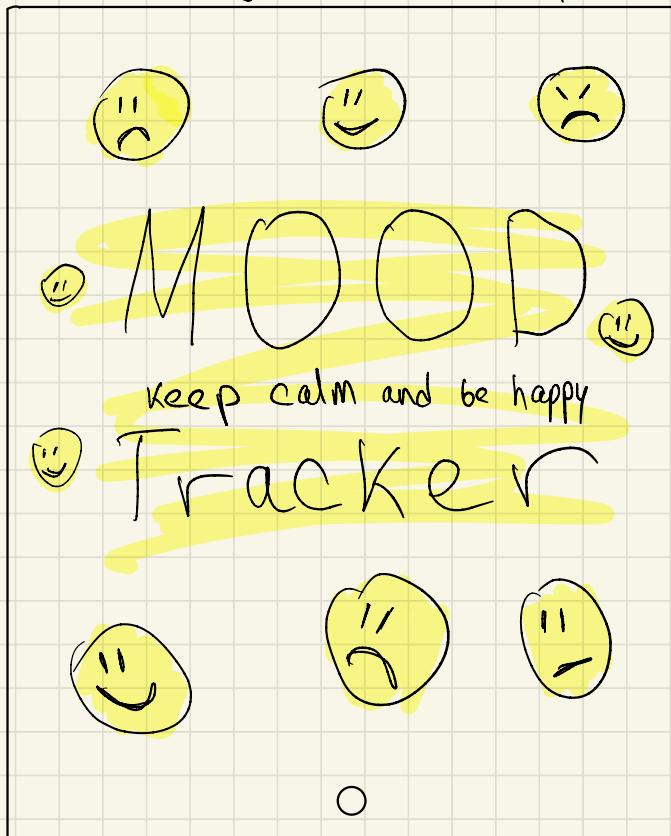

Purpose: find people for networking and studying
together. Especially in the level of universities. You can ask
the help, make projects together, just communicate.

For your own activity you get trust, reliable, sociable points which reflect how you're
responsible for actions which you're doing.
