

1.

SHY STRANGERS

game that allows to choose your city. After it, it shows you detailed inf. about public spaces (rest.) and users that are registered as well. Every user has its own character. That way you can communicate with each other without need to meet in person. if you get along with that person, you get a coin for each virtual friend. There is a possibility to leave a commentar for each player.

2.

AR game, where you should
find and kill all zombies in your
city with your friends.

3.

HIDE!

AR

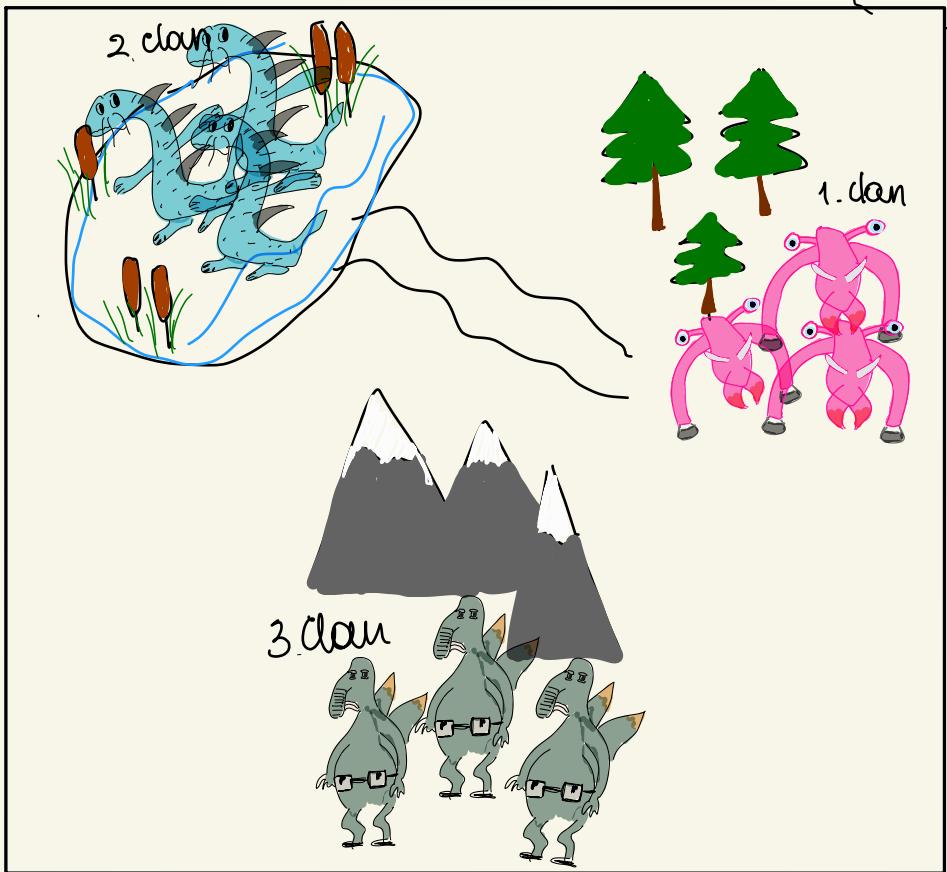

your city is taken over by
dinosaurs. Goal is to stay
out of their sight. A player,
which last the longest - wins.

4,

SÜRVIVE

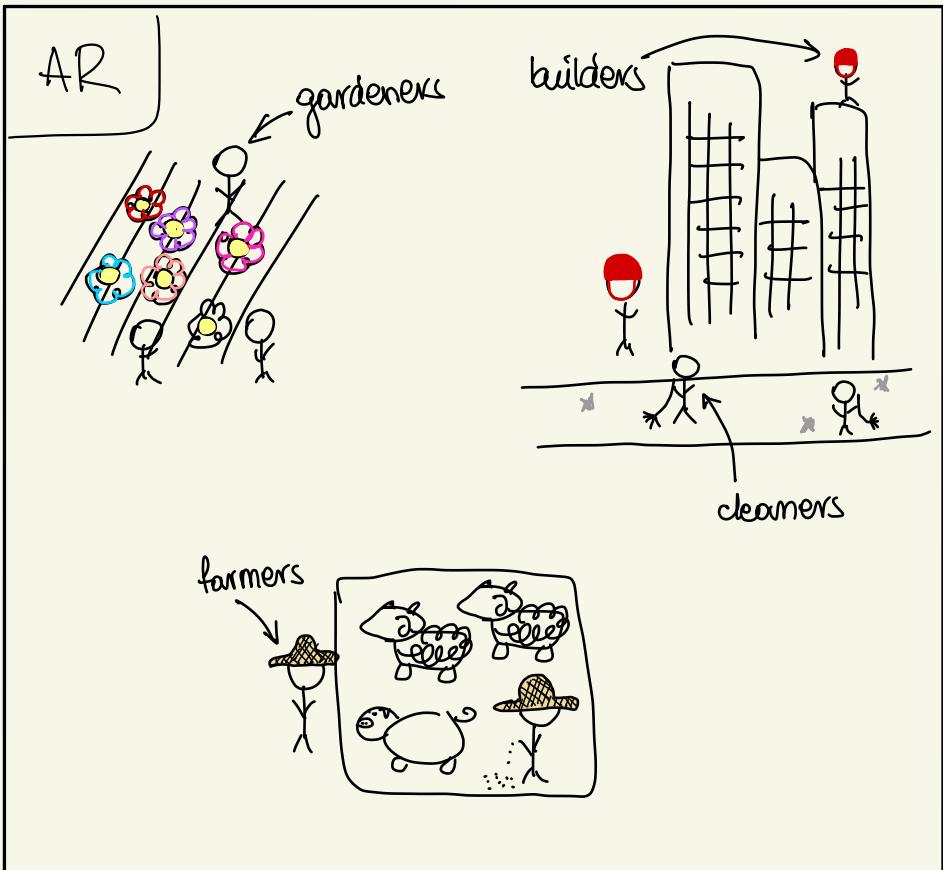

AR

An game, where every player chooses if he/she wants to create its own character or join a ready clan. If he/she chooses the one, then he will be a leader of his clan and he should develop his clan that consists of the same characters. Wins a clan that will not be killed by another clan and will be bigger than others.

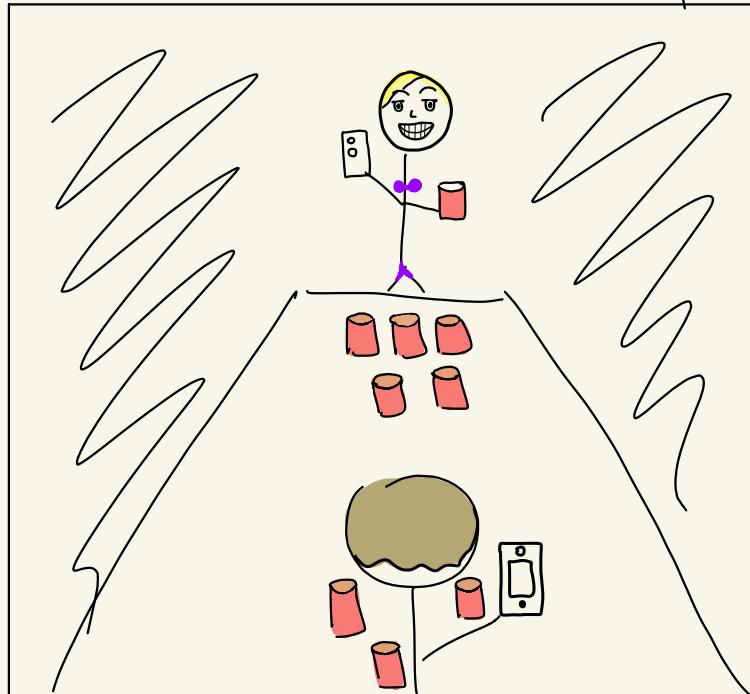

5.

MY CITY

Every player selects what type of job does he want to do. That can be a builder, cleaner, gardener or a farmer. That way, registered users build a city in their own cities.

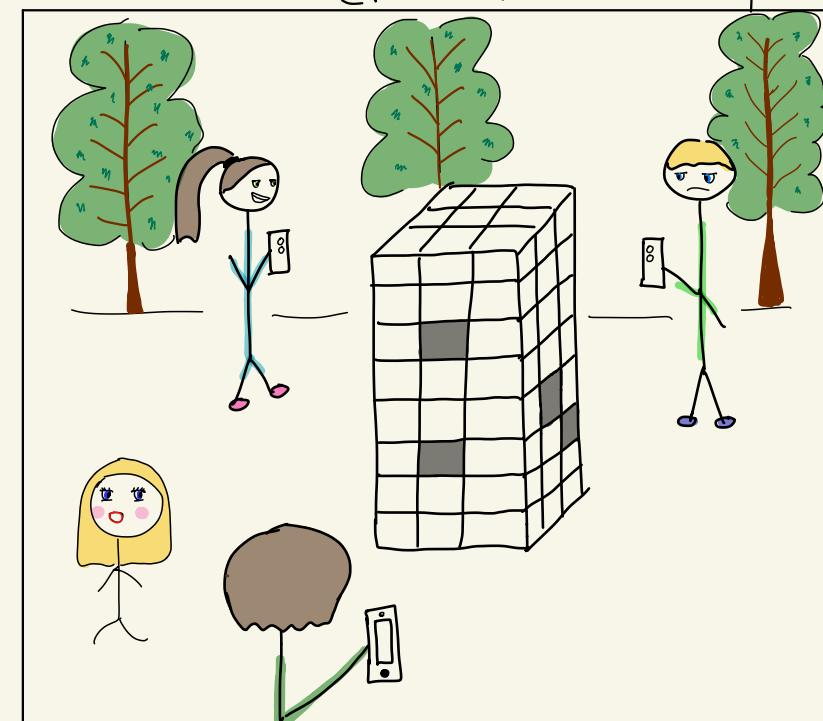

6.

AR

The game initiates the popular game 'beer pong'. Throw a ball by tapping on your phone

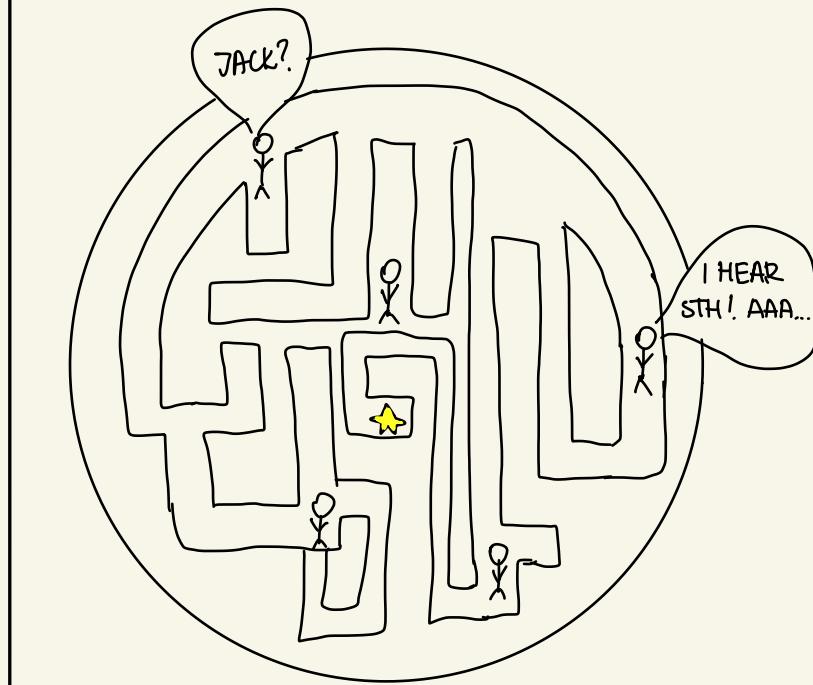

7.

Play Jeupa wherever you
are. Just type on the block
to fall it away.

MAZE

AR

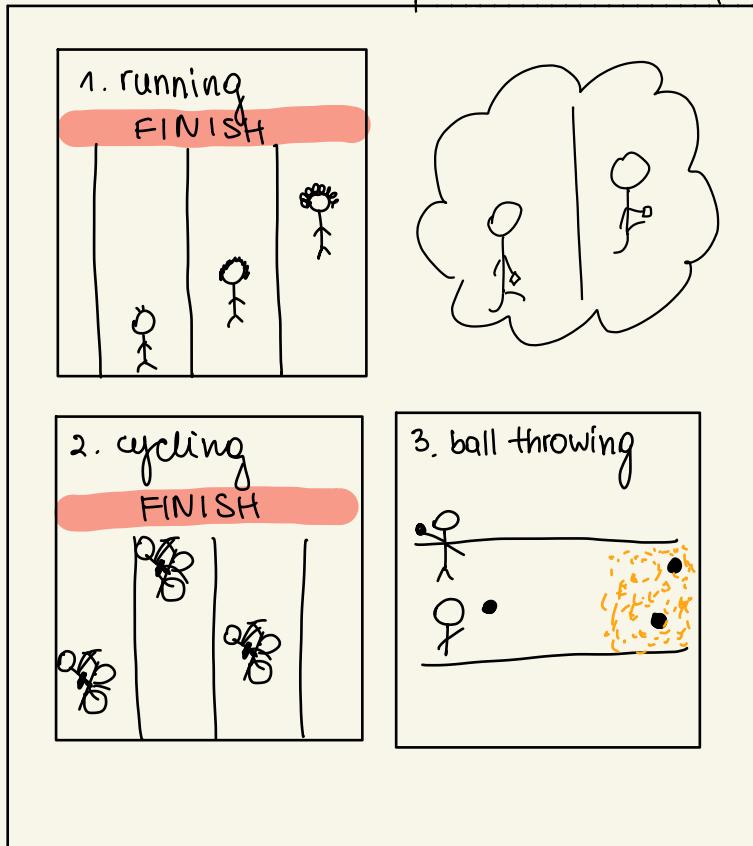

A multiplayer ^{horror} game, in which players are placed in a huge ^(their city) maze, where they should find a box and solve a riddle. On their way they'll meet a lot of danger. The person, who gets an answer to the riddle first or who last the longest in the maze - wins.

9.

Fit!

LAR

choose what sport you want
to play. Wins the player who crosses
the finish line first.

10.

MONSTERFIGHT

AR

Each player selects skills for his character. Then both players are watching the fight. Every game, that was won, make player's character stronger.

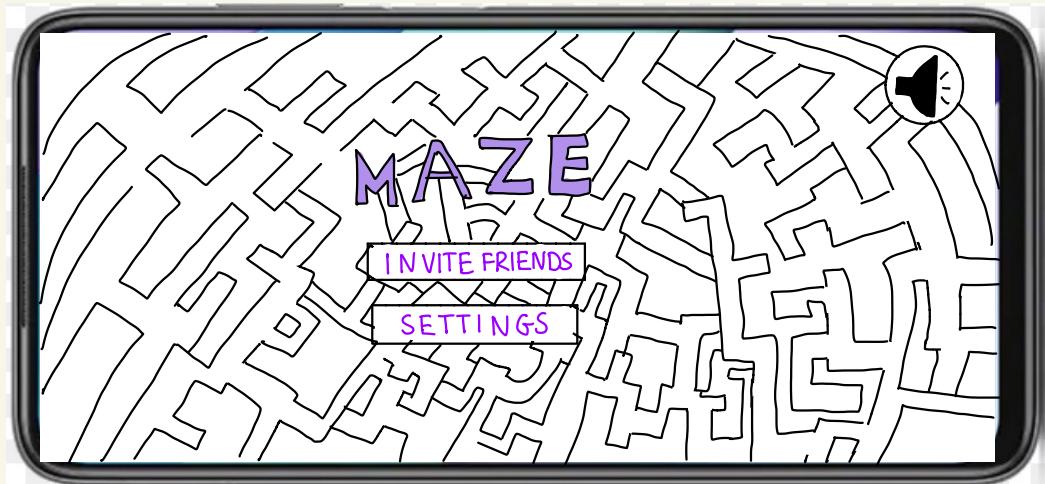

MAZE

1.

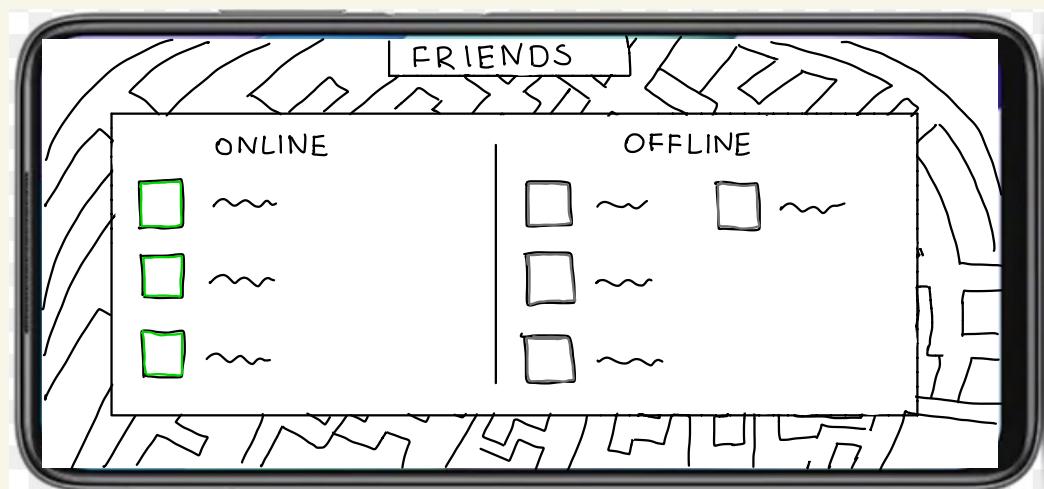

The game is loading...

2.

when the game was loaded, you have
the possibility to change settings or
